Ss. Peter & Paul - June 29th

On June 29th, the Church both East and West celebrates the Feast of Ss Peter & Paul. One may quite justifiably ask why these two apostles, in particular, are celebrated on the same day. Peter was one of the twelve whereas Paul was not. From the Biblical evidence that we have, we know that Peter's ministerial outlook was very different from Paul's.

Theologically speaking, the reason why the feast day of these two apostles was combined into one was to show that even though their ministerial vision was not the same, yet both were necessary and even complemented each other. Even though the apostle Paul was not one of the twelve, he would claim, nevertheless that his ministry was considered equal if not superior to those ministers who has been appointed by Christ during His early ministry since he had suffered so much for Christ. Peter and Paul were both martyred in Rome under Emperor Nero in the year 87.
